Yamaha R-World Track Experinace - Cresson, TX

The Yamaha R-Series motorcycles were born on the track and the track is the only place to explore the limits of these amazing machines.

Everyone is interested in trying their motorcycles on the track, but getting on track can be intimidating and expensive. Yamaha would like to give you an amazing motorcycle track experience with world-class instruction from Yamaha Champions Riding School at an affordable price, regardless of your riding experience.

Join us Thursday, April 11, at Motorsport Ranch in Cresson, TX, just outside of Fort Worth, for the Yamaha R-World Track Experience featuring Yamaha Champions Riding School.

This is a Bring Your Own Bike Event!

The R-World Track Experience will run all day between 8am and 5pm, with three groups and 20-minute rotations between track, paddock, and classroom. You are welcome to bring any type or brand of street bike. Cruisers, baggers, ADV, standards, and sportbikes are all welcome. Full safety gear is required for the Novice and Intermediate groups, but more relaxed street gear is acceptable in the Street Group with a minimum of a full-face helmet, riding boots, long pants, riding jacket, and gloves required.

Street Group: This half-day group is for riders who have never been on a track, don't have full safety gear and would like to explore the track without the chaos of a normal track day. This group will be limited to highway speeds with instructors in a lead / follow formation and no pressure to go fast. Any street-legal motorcycle is welcome, with no requirements for safety wires, taped lights, or other modifications. The only technical requirement is that the motorcycle must be in perfect working condition with nothing leaking, nothing falling off, good tires, and good brakes. Riders must have a DOT-legal full-face helmet, jacket, over-the-ankle boots, gloves, and long pants. The Street Group will run 20-minute sessions every hour with 20 minutes of instruction from professional instructors at Yamaha Champions Riding School. Thanks to Yamaha, the cost for this group is only \$49 with a discount code from your participating Yamaha dealer. Do not miss this unique opportunity to get on track with world-class instruction. The Street Group is limited to 16 people per session. The morning session will be from 8:30 am to 12:30 pm, and the afternoon session from 1 pm to 4:30 pm.

Novice Group: The Novice Group will be all day from 8:00 am until 5 pm and is for new track riders with full safety gear, or track riders with less than five track days' worth of experience. Any street-legal motorcycle is welcome with no requirements for safety wire, taped lights, or other modifications. The only technical requirement is that the motorcycle must be in perfect working condition with nothing leaking, nothing falling off, good tires and good brakes. Full, track safety gear (leathers) is required, and the sessions will not be speed-limited. The Novice Group will run 20-minute sessions every hour with 20 minutes of instruction from the professional instructors at Yamaha Champions Riding School. Thanks to Yamaha, the cost for this group is only \$149 with a code from your participating Yamaha dealer. The Novice Group is limited to (25) people.

Intermediate Group: The Intermediate Group is also run all day and is for experienced track day riders with full safety gear and traditionally prepared track day motorcycles. Although The Intermediate Group will not be speed-limited in any way, it is not for racers or A-Group track day riders. The Intermediate Group will feature 20-minute on-track sessions with some of the fastest instructors in the country, followed by 20-minute classroom sessions from Yamaha Champions Riding School. Thanks to Yamaha, the cost for this group is only \$149 with a code from your participating Yamaha dealer. The Intermediate Group is limited to (25) people.

CHECK WITH YOUR LOCAL PARTICIPATING YAMAHA DEALER FOR A DISCOUNT CODE!

(Lone Star Yamaha, Maxim Motorsports, and Classic Powersports) No rental bikes or rental

gear is available for this event.

Champ U: Traffic Survival

Riding on the street can be dangerous due to distracted drivers, traffic, and poor roads,

making motorcyclists 28 times more likely to face fatal accidents than car drivers. Traffic Survival is designed to give any rider, on any bike, the skills and strategies needed to enjoy every street ride and have more fun on two wheels for many years to come.
